Quotations

A per lt/kg fee applies for disposal of Group 2 chemicals under the ChemClear program.

Waste holders registering Group 2 chemicals will be **provided with a quotation after their registration** is made and prior to the collection of their registered chemicals. The cost of individual chemicals will be dependent on the types of chemicals registered for disposal. The waste holder can accept or decline the quotation.

We look forward to continuing to work with you to maintain your premises' high level of safety management and the Australian agricultural and veterinary chemical industry's strong commitment to safety and regulatory responsibility.
